Create IBM cloud account:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Shobika Rajeskanna's Account). The main section is titled 'Dashboard' and features a 'For you' section with several recommended services: Build, Use Watson Studio, Get Started with Watson Studio, Build a web app with Watson Speech to Text, Use Speech to Text, Use Text to Speech, Use Knowledge Studio, and Smart Document Understanding. Each service card includes a brief description, a 'Popular' or 'Recommended' tag, and a time estimate (e.g., 2 min, 2 hr, 15 min). Below this, there are four panels: News (with links to 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS', 'TrustRadius Best Software: Five IBM Offerings to Make the List', 'Announcing IBM Cloud Pak for Network Automation Version 2.4', and 'No Prerequisites for IBM Cloud Certifications'), Recent support cases (with a 'View all' link), Planned maintenance (with a 'View all' link), and IBM Cloud status (showing 'No issues' with a green checkmark). At the bottom, there are links for Usage (View usage), User access (Manage users), and a blue button with a plus sign.
